

## AGILOX opens new office space in the center of Linz

- New office located in the TechBase Office Campus in Linz
- 34 fully equipped workstations spanning over 400 square meters

(Neukirchen bei Lambach, October 19, 2023): AGILOX Services GmbH, a leading technology company for Autonomous Mobile Robots (AMRs) headquartered in Neukirchen bei Lambach, opened a new office location in Linz, on November 16, 2023. This strategic expansion represents a significant milestone in the continuous growth of the company.

### Grand Opening Celebration

Starting in September 2023, AGILOX expanded its presence to a second location in Linz. The grand opening was celebrated with esteemed guests, including representatives from partner companies, media contacts, as well as colleagues who will be working at the Linz office in the future. The recently opened TechBase Office Campus in Linz hosts AGILOX's new office space, covering a spacious 400 square meters and offering 34 fully equipped workspaces for AGILOX employees.

## Strategic Location Selection

AGILOX has strategically selected the location of its new office, situated on Wolfgang-Pauli-Straße due to its ideal transportation connections and easy access to public transportation. By positioning itself in the central area of Linz, AGILOX aims to attract skilled professionals in and establish itself as an attractive employer.

*"In our new office building in Linz, we have created the opportunity for every employee to relocate their workspace to different locations as needed. AGILOX places great emphasis on fostering a collaborative work culture that significantly shapes innovation and creativity in our daily operations as a technology leader in Upper Austria,"* states Josef Baumann-Rott, Chief Operating Officer, and Co-founder of AGILOX.

## Additional Office Space in the Heart of Linz

The expansion to Linz is strategically necessary, ensuring the sustainable growth of AGILOX while proactively addressing economic growth and the increasing market demand. The primary objective of this project is to provide support to AGILOX's growing team as well as creating space for creativity and continuous development.

The opening of the second location in Linz represents a significant milestone in AGILOX's corporate history solidifying the company's position as an innovator in the field of automation technology. As an integral part of a globally rapidly growing technology company, AGILOX sends a clear signal and positions itself as an appealing employer to hiring qualified professionals, particularly in the field of software development, in a dynamic industry.
